This is not a contract. This benefits summary presents plan highlights only. Please refer to the policy/ plan documents, as limitations and exclusions apply. The policy/ plan documents control in the event of a conflict with this benefits summary.

(1) Your group's benefit period is based on a Calendar Year which runs from January 1 to December 31.

(2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense.

(3) Services are provided for acute care for minor illnesses. Services must be performed by a Highmark approved telemedicine provider. Virtual Behavioral Health visits provided by a Highmark approved telemedicine provider are eligible under the Outpatient Mental Health benefit

(4) Services are limited to those listed on the Highmark Preventive Schedule with enhancements (Women's Health Preventive Schedule may apply).

(5) Coverage for eligible members to age 21. Services will be paid according to the benefit category (e.g. speech therapy). Treatment for autism spectrum disorders does not reduce visit/day limits.

(6) Be sure your provider is aware that Highmark Utilization Management must be contacted for authorization prior to a planned inpatient admission or within 48 hours of an emergency or unplanned inpatient admission. Also note that certain outpatient procedures require prior authorization. If authorization is not obtained and it is later determined that all or part of the services received were not medically necessary or appropriate you will be responsible for the payment of any costs not covered by your health plan.

(7) The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and in the cost-sharing requirements. Your program includes coverage for both formulary and non-formulary drugs at the copayment or coinsurance amounts listed above. Under the hard mandatory generic provision, when you purchase a brand drug that has a generic equivalent, you will be responsible for the brand drug copayment plus the difference in cost between the brand and generic drugs.
